Dear Parents/Carers,

We would like to invite you to our **Maths Parents' Event** on:

Wednesday 18th September 2019

3.30pm – 4.40pm.

We are very excited to share with you how the maths curriculum is delivered at our school. We would like to give you examples of how we are striving to improve mathematical learning at Northfield, teaching through the principals of Maths Mastery.

We will share samples of how we use the CPA approach (Concrete, Pictorial and Abstract) to teach maths and how this helps children fully understand new mathematical concepts.

We hope you will join us for this first maths parent event. Each term there will be a maths café you will be invited to. In these cafes you will be able to share maths activities with your child. Details of the first maths cafés for all year groups will be sent home and dates added to newsletters.

Please feel free to collect your child and stay for the event; parents and children are welcome.

We look forward to welcoming you to the event.

Paula El-Shunnar
Mathematics Lead.

LOOK SMART, THINK SMART, BE SMART.

The Northfield St Nicholas way !
