## Phased Return Update:

The Government has announced a phased return to schools from 1st of June, where possible, if the national Covid threat level supports that decision.

At this time the school leadership and central trust are undertaking comprehensive risk assessments and planning to make sure that the school is able to operate as safely as possible before any decision and timeline for a return is made. The earliest date for a possible return would be from the 8th June but, to be very clear, no firm decision has yet been made until the assessments and planning are complete.

Once planning is in place and decisions have been taken, further and more comprehensive communications will be available and we will keep you all updated. In the interim the school still operates as a childcare facility for Key Workers and other identified pupils.

For now, please stay safe and follow the current Government advice.
