

HOME LEARNING

Week beginning 6th July

Subject	Activities				
<p>Reading</p>	<p>L.O. I can explain what I have read and what words mean. Read your reading book or a familiar story. Explain what you have read to your adult: - Who is the main character? - Where is the story set? - What adjectives have been used? What do they mean? - Complete the task →</p> <p style="text-align: right;">small shout</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>L.O. I can answer 'how' and 'why' questions from pictures or a text. Read your reading book or a familiar story. Answer 'How' and 'Why' questions</p> <div style="display: flex; justify-content: space-around;"> <div style="border: 1px solid black; padding: 5px; width: 45%;"> <p style="text-align: center; font-size: small;">How questions usually ask for an explanation or a description.</p> <table border="0" style="width: 100%;"> <tr> <td style="width: 50%; vertical-align: top;"> <p>Question How did you get here? How was she feeling? How did you know what to do? How did you cook it?</p> </td> <td style="width: 50%; vertical-align: top;"> <p>Answer I came on a bus. She was tired and grumpy. I looked at the instructions. I baked it in the oven. </p> </td> </tr> </table> </div> <div style="width: 45%;"> <p style="text-align: center; font-size: small;">Why questions usually ask for a reason.</p> <table border="0" style="width: 100%;"> <tr> <td style="width: 50%; vertical-align: top;"> <p>Question Why are you sad? Why do I need a coat? Why did I get the wrong answer? Why do the stars look so small?</p> </td> <td style="width: 50%; vertical-align: top;"> <p>Answer I hurt my leg. Because it might rain. You forgot the spelling rule. Because they are far away.</p> </td> </tr> </table> </div> </div>	<p>Question How did you get here? How was she feeling? How did you know what to do? How did you cook it?</p>	<p>Answer I came on a bus. She was tired and grumpy. I looked at the instructions. I baked it in the oven. </p>	<p>Question Why are you sad? Why do I need a coat? Why did I get the wrong answer? Why do the stars look so small?</p>	<p>Answer I hurt my leg. Because it might rain. You forgot the spelling rule. Because they are far away.</p>
<p>Question How did you get here? How was she feeling? How did you know what to do? How did you cook it?</p>	<p>Answer I came on a bus. She was tired and grumpy. I looked at the instructions. I baked it in the oven. </p>				
<p>Question Why are you sad? Why do I need a coat? Why did I get the wrong answer? Why do the stars look so small?</p>	<p>Answer I hurt my leg. Because it might rain. You forgot the spelling rule. Because they are far away.</p>				
<p>Writing</p>	<p>L.O. I can sequence events. - Create a story map for the story of 'Little Red Riding Hood' Don't forget: - Beginning – Who is the main character & what is the story setting. - Middle – What is the problem? What has gone wrong? - End – How is the problem solved? - Use your story map to retell the story to your adult.</p> <div style="text-align: right;">  </div> <p>L.O. I can use adjectives to describe. - Plan your own version of 'Little Red Riding Hood' with a twist! 1) Create a story map for your story – change the story setting. Where could Little Red Riding Hood go instead of the woods? 2) Use your story map to orally retell your own story. 3) Write your own story – REMEMBER to use adjectives to add detail to your writing!</p>				
<p>Maths</p>	<p>L.O. I can identify one more and one less than a given number. - Roll a dice/take a number card. - Record one more and one less than your number (use a number track or number line to help you)</p> <div style="text-align: right;">  </div>				
<p>Topic</p>
