Sign into Google Classroom using your child's unique email address. The children's passwords have been set to mirror their Times Table Rock Stars passwords. If you are unsure of your child's email please email

remotelearning@nsnacademy.com

If you are signing in for the first time you will need to accept the terms and conditions and then select student.

You/your child will then be able to join the class they have been assigned to. The class should match your child's current class name. If it does not please email <u>remotelearning@nsnacademy.com</u>.

Once you/they have joined the class click on the class name and you/they will be taken to the relevant page.

The class stream is one method of communicating with your year group teachers. You will be able to comment on any issues you have had with learning as well as check in with how you are feeling.

Each week learning will be published within the classwork section. Learning will be assigned each week and will often appear each morning.

2

On the classwork page, there will be learning materials and assignments for the children to complete.

The learning materials maybe a PowerPoint for the children to read through or there may be a short video for them to watch.

There will also be assignments, learning tasks, for the children to complete. These are learning tasks. Some learning tasks will be able to be completed within Google Docs or Slides, others will need to be completed on paper and a photograph can be uploaded or they could involve the children completing a quiz.

Day 2 - Art in the style of Hundertwasser : Stephen Connolly • Oct 8	Your work Assigned
Look out of a window within your house. Draw the buildings that you can see from the window in the style of Hundertwasser. Once complete take a photograph and upload it to Google Classroom.	Mark as done
Class comments Add class comment	Private comments Add private comment

## Assignment page.

Class comments can be added for you or your child to ask for help with their learning or to explain how they have got on. This can be done both publicly and privately.

## 4

This gives your child the freedom to complete their learning challenge in method that suits them. They can complete it digitally using one of the applications built into classroom, or in paper form. If they choose to complete it in paper form please upload a photograph of their learning. You can do this by clicking on add or create and selecting file. You will then need to upload the photograph of their learning.

This is where your child will submit or complete their learning. Sometimes there will be a document recreated for your child to complete\*\*. If this is the case please select it and it will either open in Google Docs, Google Slides or Google Quiz. If this is not the case press on the add or create button.
