

## SENCO Newsletter

### Spring Term 2020-2021

#### Welcome back! (Again)

Following another Lockdown it has been a pleasure to welcome back all the children. We hope they found the transition support helpful in adjusting back to school life. If your child is finding anything difficult then please speak to their class teacher or telephone the school office for a SENCO Surgery appointment.

Throughout Lockdown we aimed to support all those with SEND as much as possible depending on their individual needs. Many pupils received additional zoom intervention sessions, bespoke learning packages and all pupils were offered additional daily support to help access their learning. If anyone would like share any feedback to help us further develop, please feel free to contact the school office.

This term's SEND assessment week took place **Monday 22<sup>nd</sup> February**. During the week pupil assessments took place and yourself, pupils and teachers reviewed your child's learning plan. I hope you found the telephone call with your child's class teacher helpful in inviting you to contribute to your child's learning plan. If you are unsure about this process then please speak to a member of the team.

For those parents with a Year 6 child with SEND, who now have a high school place confirmed, please feel free to ask the office to book an appointment to discuss additional transition support.

Thank you for your continued support.  
Miss Higgins

#### Your views

We would love to hear your views on SEND support in order for us develop please complete the questionnaire which will be sent out via email this term.
