

Planning transition to secondary school for pupils with SEND

SENDIASS is offering a free, relaxed online session for parents and carers in Suffolk to support you and your child with the transition from primary to secondary school.

The session will be supported by a teacher from the Communication and Interaction service, which often support schools with transition.

We will explore:

- Information to look for to help you and your child prepare for working with school around transition
- Transition meetings and resources to help you and your child share your views
- Additional transition support and considerations

We will also send you an additional slide set for helping your child explore their feelings, lessen their anxieties, & build their confidence.

Anyone who books will be sent a video of a pre-recording of the session afterwards, to watch at their own pace, and with family members.

26th January 2023 10am – 11:30am
